EYEWEAR

ABOUT AUGABAM

AUGABAM provides OEM & ODM eyewear manufacturing, integrating in-house production with trusted partner factories to support flexible production and reliable quality control.

We not only have our own 13,000 m² manufacturing workshop, but also work closely with multiple partner factories to meet different customers' order requirements.

MATERIALS THAT DEFINE OUR COLLECTION

HORN DETAILS

Natural character
Distinctive grain and colour variations give each piece its own character.

Premium visual appeal
Natural texture adds depth and individuality to eyewear.

Individual expression
Organic patterns offer a distinctive look for premium collections.

TITANIUM EYEWEAR

Lightweight feel
Titanium supports refined, comfortable frame designs.

Corrosion resistance
Titanium is valued for its resistance to corrosion.

Fine-frame design
Its strength allows for slender, refined silhouettes.

Composition varies by model. Please refer to each product page for details.

Material images are illustrative.
